SCIENCE NIGHTS ACROSS ITALY, THE EUROPEAN RESEARCHERS' NIGHT IS BACK

SCIENCE NIGHTS ACROSS ITALY, THE EUROPEAN RESEARCHERS' NIGHT IS BACK

The European Researchers' Night is back on 29 September. The event has been promoted by the European Union since 2005 and celebrates the ideas and people who contribute to scientific research every day. INFN, through its Divisions and National Laboratories, will join the event in many cities across Italy, bringing science to the city squares and cultural venues. With demonstrations, games, activities and meetings, researchers will tell the public about scientific research in particle physics, its latest discoveries, its new frontiers and its unsolved mysteries.

INFN AT CAMOGLI COMMUNICATION FESTIVAL 2023

From 7 to 10 September, INFN will be at Camogli Communication Festival 2023, with several meetings by the INFN Genoa Division. The INFN Genoa Division and the University of Genoa are contributing together to the program, as they did last year, interpreting the theme of Memory, the focus of this edition, under the lens of research.

7 SEPTEMBER, 9 p.m., Miramare Terrace **Memory of Information and Open Data**

With Mauro Taiuti, director of INFN Genoa Division, Stefano Schiaparelli, UniGe, introduced by Fabrizio Benente, UniGe, with a talk by Federico Delfino, Rector of the University of Genoa

7 SEPTEMBER, 10 p.m., Miramare Terrace **How to preserve data from an experiment coming to an end. The case of the Borexino experiment**

With Alessio Caminata, INFN Genoa Division

8 SEPTEMBER, 6 p.m., Miramare Terrace **Discovering the dark universe with the Euclid experiment**

With Stefano Davini, INFN Genoa Division

8 SEPTEMBER, 7 p.m., Miramare Terrace **Superconducting magnets: a Genoese excellence**

With Stefania Farinon, INFN Genoa Division

9 SEPTEMBER 9, 6 p.m., Miramare Terrace **Searching for light and heavy dark matter**

With Lea di Noto, INFN Genoa Division and UniGe, and Luca Marsicano, INFN Genoa Division

9 SEPTEMBER, 7 p.m., Miramare Terrace **Perspectives on physics with accelerators**

With Enrico Robutti, INFN Genoa Division

9 SEPTEMBER, 10:30 p.m., Miramare Terrace **Science Communication today**

With Fabrizio Benente, UniGe, Caterina Boccato, INAF - Education and Outreach, Giorgio Chiarelli, INFN Third Mission Coordination Committee, Eliana Ruffoni, UniGe - External Relations Service

10 SEPTEMBER, 4 p.m., Miramare Terrace **The Asimov Prize**

With Francesco Vissani, INFN Gran Sasso National Laboratories
