

Newsletter TAKE PART IN

FRIDAYS OF THE UNIVERSE

Once again this year, the INFN is taking part in Ferrara in the initiative [I Venerdi dell'Universo](#) (Fridays of the Universe), organised by the INFN and the University of Ferrara in collaboration with the Gruppo Astrofili "Columbia" of Ferrara: a series of science-themed seminars in which scientists open a window on their research. The 2024 edition of I Venerdi dell'Universo takes place from 26 January to 12 April with a series of six events hosted at Sala Estense in Ferrara's

Piazza del Municipio. Among others, some events will feature INFN researchers. In particular, the event celebrating the 35th anniversary of the Ferrara INFN Division will be held on 5 April.

26 JANUARY 9 p.m.

From the Higgs boson to the energy transition and medicine: the PNRR as a technological driver for superconductivity

*With **Lucio Rossi**, INFN and University of Milan*

8 MARCH 9 p.m.

The Universe as a laboratory: dialogue between cosmology and particle physics

*With **Massimiliano Lattanzi**, INFN and University of Ferrara*

5 APRIL 9 p.m.

Chi Ri-cerca trova: 35 years of Physics at the INFN in Ferrara

*With **Antonio Zoccoli**, INFN President and professor at the University of Bologna, **Roberto Calabrese**, Director of the Ferrara INFN Division and professor at the University of Ferrara*

12 APRIL 9 p.m.

Discovering the first stars in the Universe with the James Webb Space Telescope

*With **Piero Rosati**, INFN and University of Ferrara*
